All Central Universities, State Universities, Deemed Universities,
State Private Universities, Colleges, Institutions, All India.

Respected Sir/Madam,

Greetings from the **Indian Institute of Computing and Technology (IICT)**.

We are pleased to announce our **Winter Internship Program in Artificial Intelligence (AI) & Machine Learning (ML) – 2026**, a comprehensive 45-day online training and internship program designed for students, researchers, and professionals. This initiative aims to bridge the gap between theoretical learning and practical implementation, enabling participants to build strong expertise in one of the most rapidly evolving domains of modern technology.

The program is structured to provide a balanced blend of conceptual understanding and hands-on experience. Participants will gain exposure to core AI/ML concepts and apply their knowledge through guided project work, preparing them for real-world challenges in industry and research.

Program Structure

Phase I: Structured Coursework (15 Days)

- * Python for Data Science
- * Machine Learning Concepts
- * Neural Networks
- * Cyber Security Fundamentals

Phase II: Practical Project Work (30 Days)

- * Real-world project development
- * Hands-on implementation
- * Guided mentorship

Eligibility

- * UG / PG / PhD Students (Science, Computing, Technology)
- * Faculty Members & Research Scholars
- * Working Professionals seeking to upskill in AI/ML

Program Details

- * Mode: Fully Online
- * Duration: 45 Days
- * Capacity: Limited to 1070 Participants
- * Selection: First-Come, First-Served Basis
- * Training Fee: ₹970/-
- * Stipend: Non-Stipendiary Program

Certification

- * Training Completion Certificate (after 15 Days)
- * Internship Certificate (after successful completion of 45 Days + Project Submission)

Registration Timeline

Opening Date: 22nd September 2026

Closing Date: 30th November 2026

Registration Link: https://iict.edu.in/winter_internship/

Website Link: <https://www.iict.edu.in>

We kindly request you to circulate this information among your students and faculty members so that they may benefit from this opportunity to enhance their technical skills and career prospects.

For any further queries, please feel free to contact us. We look forward to your support and participation in making this initiative a success.

Subject: Request to upload this announcement on official websites, and circulate among the students, faculty, and teachers for participation in the Winter Internship Program in AI and Machine Learning (2026) by IICT- reg

Respected Sir/Madam,

The **Indian Institute of Computing and Technology (IICT)** is pleased to announce its comprehensive 45-day Winter Internship Program focusing on Artificial Intelligence (AI) and Machine Learning (ML). This program is designed to bridge the gap between theoretical knowledge and practical application, offering participants a robust foundation in one of the most transformative fields of modern technology.

Program Overview

The internship is structured into two distinct phases to ensure a holistic learning experience:

- **Phase I: Structured Coursework (15 Days)**

An intensive series of daily lectures covering the core pillars of AI and ML, ranging from Python for Data Science to Neural Networks and Cyber Security.

- **Phase II: Practical Project Work (30 Days)**

Participants will apply their learning to real-world scenarios, developing a comprehensive project under guided supervision.

Eligibility & Admission

This program is open to a diverse range of applicants who have a foundational interest in computing and technology:

- **Students:** UG/PG/Phd students enrolled in Science, Computing, or Technology streams.
- **Academic & Professionals:** Faculty members, Research Scholars, and working professionals seeking to upskill in AI/ML.

Important Details:

- **Mode:** Fully Online.
- **Capacity:** Limited to **1,070 participants** only.
- **Selection:** Based on a **First-Come, First-Served** basis.
- **Stipend:** This is a non-stipendiary training and internship program.
- **Training Fee:** A nominal fee of **Rs 970** is applicable.
